## Fluid Power System

- Innovative electrical accessory allows up to four tables to daisy chain off a standard 15-amp electrical outlet
- No tools are required to install and anybody can do it and ideal for use on a mobile table solution
- Up to four 4-outlet Power Strips (16-outlets on four tables) power off an outlet using an In-Feed cable that monitors the electrical usage and shuts the system down when overloaded
- Jumper Cables bring the power from one table to the next
- Tested and UL Recognized by Underwriter Laboratories for safety as an electrical component for furniture
